

Milwaukee Bolt Sun Visor

RMW48-73-1073

Details

Milwaukee BOLT Sun Visor provides 360° UV protection. Securely clip into any Milwaukee and most professional helmets or hard hats. The MILWAUKEE BOLT Sun Visor is designed with a tinted brim to reduce glare without reducing your upward vision. The antimicrobial shade prevents odor and bacteria, while the mesh portion keeps you cool. The front visor can be used with face shield or eye protection when flipped back into retention slots allowing you to use multiple accessories simultaneously.
