

Grand Golf Ball Washer

RP225

Details

The handsome die-cast aluminum body design of our Grand Ball Washer delivers an elegant, championship feel with a durable hard anodized-powder coated finish. Features include a high performance internal brush for superior cleaning, a clean, logo-free body design, a carabiner hook for towel security and a unique integrated collar for appealing washer to mounting tube transition. Tear-drop drain design prevents unsightly residue stains from overflow. The Grand Ball Washer is an asset on any course.
