

Corona Root & All Purpose Saw - 6-1/2in RCRC4060

Details

This all-purpose saw is ideal for medium to large roots and small branches. The precision-made 6-1/2in high-carbon steel blade features 7 teeth per inch, cutting on both the push and pull stroke. Aggressive tooth-sharpening pattern provides faster, easier cuts. Hard, chrome-plated, taper-ground blade with ergonomic, co-molded, solid Corobond handle for comfort and strength. 6-1/2in blade.
